SPECIFICATION TEXT

K4CC without meter: Compact flush-mounting metering kit for domestic water with optional remote control

Compact flush-mounting metering kit for domestic water with optional remote control, pre-assembled in an easily accessible sandwich box with knock-out parts. Shut-off valve with Top Entry removable ball and full flow that complies with the DIN 13828 standard.
Engineered polymer ball and Soft Turn anti-jamming seals. Fixing brackets, spirit level and site protection cover included.
Closing and opening by operating the handle. Operating pin compatible with mounting the ON-OFF electric motor with auxiliary microswitch in the version with open signal or in the version with safety feedback when the valve is closed. With stub pipe (Length = 80 mm). The fastening ring nuts for the meter connections are of a specific design to allow maintenance with a common 8mm spanner. Equipped with dedicated DN20-3/4" seals for integration of a meter.
